# Choose Your Adventure!

## Gobs of Goo and Science Too! (PreK – 5<sup>th</sup> grade)

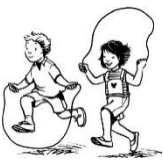

Get elbow deep in all things ooey and gooey like slime, marshmallow playdoh and burping bags. All of the glop, slop and stink isn't just gross; it's science too!

## STEM Works (5<sup>th</sup> and 6<sup>th</sup> grade)

Join us for 3 days of fun which will include creating a safe, "crash" proof car for your passenger *Eggbert*, using Makey Makey to create music and programming the Dash and Dot robots to follow a maze and play the xylophone. In addition, experiment with *LittleBits* circuits to make a prank handshake or a flashlight.

## Summer Sports and Fitness (1<sup>st</sup> – 5<sup>th</sup> grade)

Get ready to get moving! The camp will incorporate fitness, flexibility and sport themed games. Students must wear sneakers and comfortable clothing. Hope to see you on the field this summer! Max # of students per session is 30, and the minimum is 8.

## Science, Science Everywhere! (PreK – 5<sup>th</sup> grade)

It all starts with a question – How do plants grow? How do hoverboards work? The answers to these questions can be found through scientific investigation. We will explore the wild world of science through exciting, hands on activities.

## Tech Wizards (PreK – 5<sup>th</sup> grade)

Get your tech on! Come and explore all areas of technology. Write the code for Colby the robotic mouse to find the cheese. Launch a bottle rocket. Build an electronic keyboard using Makey Makey. Design a video game using Scratch. Explore the world of robotics using Dash and Dot.

If you have any questions, please email Kerry at [kmunson@hackettstown.org](mailto:kmunson@hackettstown.org) or call her at 908-852-8550 X226. Email will usually get you a quicker response.
